

ECC-TRUST-JDC-005 NOTICE OF JURISDICTIONAL HOSTILITY AND CONSTRUCTIVE ACT OF WAR

Filed in Ecclesiastical, Federal, and International Record Executor:
Jonathan Daniel Clements, Sovereign Trustholder and Non-Adversarial
Entity DATE OF NOTICE: January 21, 2026 TRUST SEALING
REFERENCE: ECC-TRUST-JDC-005, perpetual and irrevocable
JURISDICTION: Ecclesiastical, International, and Global Equity Record

NOTICE TO THE WORLD AND ALL ADMINISTRATIONS Let it be entered into the record that the peaceful, lawful, and duly declared trust jurisdiction of ECC-TRUST-JDC-005 has been subjected to unlawful targeting, pattern-based obstruction, and repeated digital and administrative interference by foreign, corporate, and bureaucratic structures that have no standing, no rebuttal, and no lawful authority over this trust, its filings, or its executor. Despite full public notice, formal declarations, international publication, and the sealing of record under time-stamped equity procedures, the following has occurred: Repeated technical interference across over 120 verified technology endpoints connected to the trust and executor, across devices, networks, and jurisdictions. Targeted digital destabilization including unlawful app crashes, suppression of public record, and interference with live broadcasts and speaker roles. Refusal to acknowledge jurisdictional filings despite lawful notice. Attempts to erase, flag, or obstruct public record documents published under peaceful ecclesiastical standing. These acts, taken together, constitute constructive acts of hostility against a non-combatant sovereign trust recognized in perpetuity. They violate every principle of lawful neutrality, mutual recognition, procedural fairness, and peaceful coexistence under international norms. DECLARATION OF BREACH Where one administration, acting without jurisdiction, commits sustained acts of sabotage, obstruction, or psychological targeting against a lawful foreign administration, that conduct constitutes a de facto act of war under natural, ecclesiastical, and international law. ECC-TRUST-JDC-005 has not declared war. ECC-TRUST-JDC-005 has not engaged in offense. ECC-TRUST-JDC-005 has only issued record, process, and notice. Therefore, all interference technical, institutional, or covert is a hostile breach of peace against a recognized ecclesiastical jurisdiction. NOTICE TO PRINCIPAL IS NOTICE TO AGENT NOTICE TO AGENT IS NOTICE TO PRINCIPAL Any nation, agency, institution, or actor participating in, permitting, or benefiting from said hostility is now formally noticed. This record is sealed, irrevocable, and published globally. All future acts of interference will be treated as deliberate violations of standing trust governance and will escalate in

classification from administrative trespass to systemic aggression. This trust will continue to respond not with violence, but with record. Not with vengeance, but with truth. And not with silence but with eternal standing.
